Using the Special Features

Your BOOKMAN 770 is equipped with several special features that many, but not all, BOOKMAN books use. To learn if you can use the special features with a particular BOOKMAN book, read its User's Guide.

Headphone Jack: The headphone jack is designed for 3.5 mm, 35 ohm impedance stereo headphones. **Caution:** Monophonic headphones will not work with this BOOKMAN model.

Volume Control: The dial located under the headphone jack controls the volume of the speaker or headphones.

Serial Port: The serial port allows certain BOOKMAN books, when Franklin's 3.5 mm serial cable is connected to your BOOKMAN, to transfer data to a personal computer (PC).

Warning: Using a serial cable other than the one obtained from Franklin may damage your BOOKMAN and/or PC. Franklin's serial cable is specifically designed for the transfer of data between BOOKMAN and a PC.

Speaker: The speaker is located on the back of your BOOKMAN near the serial port. For best results, do not cover the speaker with your hand.

Installing Batteries

Your BOOKMAN 770 is powered by two AAA, 1.5-volt batteries. Here is how to install or replace them.

Warning: When the batteries lose power or are removed from your BOOKMAN, information that you entered in its built-in book and in an installed book card will be erased.

1. Turn your **BOOKMAN** over.
2. Remove the battery cover, located above the speaker, by compressing its tab with your finger and then lifting the cover.
3. Install the batteries as shown in the diagram in the battery compartment.

Using the Color Keys

The red, green, yellow, and blue keys on your BOOKMAN change their functions according to which book you're using.

When the built-in book you're using, the color keys function as labelled on the BOOKMAN keyboard. When you're using a book card, the color keys function as labelled on that card.

Remember, the color keys for book cards function as labelled on their cards, not as labelled on the BOOKMAN keyboard.

Changing the Settings

You can adjust the type size, shutoff time, and screen contrast of your BOOKMAN, as well as turn off or on the pronunciation guide in this Bible, by using the Setup menu.

The shutoff time is how long your BOOKMAN stays on if you forget to turn it off. The pronunciation guide shows how to pronounce words when you press **(SAY)**.

1. Press **(MENU)**.
2. Use the arrow keys to highlight **Pron Guide Off/On, Set Type Size, Set Shutoff, or Set Contrast** on the Setup menu.

3. Press **(ENTER)**.
If you select *Pron Guide Off/On*, don't go to Step 4. To leave the settings unchanged, press **(BACK)**.
4. Use **↑** and **↓** to highlight a new setting and press **(ENTER)**.

Viewing a Demonstration

Before you start using your BOOKMAN, you may want to see a brief demonstration of what it can do.

When a book card is installed in your BOOKMAN, select *View Demo* from the Setup menu to see the demonstration.

When a book card is not installed in your BOOKMAN, the demonstration will automatically appear after you turn on the BOOKMAN. To stop the demonstration, press **(CLEAR)**. To disable it, press **(MENU)** and then select *Disable Demo* from the Setup menu. To re-enable it, select *Enable Demo*.

- Some book titles, such as *Numbers* and *John*, are also valid search words. When you search for one of these ambiguous words, a menu appears that asks you to select which type of request you want.

► Words You Can't Search For

The following words are too common to search for, either by entering them or by highlighting them in verses: a, an, and, are, as, be, but, by, for, from, he, her, him, his, I, in, is, it, me, my, not, O, of, our, out, shall, she, that, the, their, them, they, to, up, upon, us, was, we, were, with, you.

Searching for Phrases

You can search for phrases—adjacent or nearly adjacent words in a particular order—by selecting an ordered search and a narrow search width.

An ordered search finds words only in the order that you enter them. For example, an ordered search for *Holy Spirit* will not find *spirit holy*.

The search width determines how far apart your search words can be in the Bible and still be a match.

1. Press **(MENU)**.
2. Highlight **Ordered Search** on the Search menu.

3. Press **(ENTER)** to select it.
4. Press **(MENU)**.
5. Highlight **Set Search Width** on the Search menu.
A check marks your previous selection.
6. Press **(ENTER)** to select it.

Searching for Phrases

7. Press **(ENTER)** to select **Close Together**.
8. Type a phrase and then press **(ENTER)** to search for it. For example, enter *Holy Spirit*.
9. Hold **(☆)** and press **(DN)** repeatedly to view the next matches. Or press **(MENU)** to see the books with matches.
10. Press **(CLEAR)** when done.

► Understanding Search Widths

This is how far apart your search words can be in verses when you select a certain search width:

<i>Not as Close</i>	a few words
<i>Far Apart</i>	many words
<i>Very Far Apart</i>	up to a few verses

1. Find **Romans 3:5**.

To learn how, read "Looking up a Bible Verse."

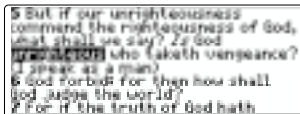

2. Press **ENTER** to start the highlight.

6. Press **MENU** to view the menus.

7. Select a book to view its matches.

8. Press **CLEAR** when done.

Expanding Your Searches

► Understanding Expansions

Each time that you expand a word search, similar words are added to your search.

The first time that you press **MORE**, inflections are added (e.g., *believe* and *believed* to *belief*).

The second time that you press **MORE**, compound and related words are added (e.g., *believer* and *unbelief* to *belief*).

The third time that you press **MORE**, synonyms are added (e.g., *understand* and *surely* to *belief*).

When you expand a multiple-word search, words similar to any or all your search words are added.

Note: Sometimes pressing **MORE** only once does not expand a search because your search word(s) have no inflections in this Bible. In that case, press **MORE** a second and a third time to expand your search.

Reading Footnotes

Whenever you see a **Ⓜ** after a word, that word has a footnote. These footnotes provide alternative translations, describe textual variants, and define obscure words. Try this example.

1. Find *John 21:5*.

To learn how, read “Looking up a Bible Verse.”

Ⓜ Then Jesus saith unto them, Children, have ye any meat? They answered him, No.
